LEARN FROM FUN

2026

## About VIGA

For over 20 years, VIGA has proudly provided high level of educational wooden toys to children around the world. Now you can find VIGA toys in nurseries, child care centers, airports, hospitals, dental waiting rooms and millions of family homes. They are highly recommended by school teachers and beloved by parents and children in more than 70 countries.

## Our Mission

Our mission is to bring happiness to children through our creative educational toys. We believe PLAY is the instinct of every child. One of the best ways for a child to learn about the world is through playing. We hope more and more children can play VIGA toys to find their gifts, gain valuable life skills and enjoy as much happiness as possible in their childhood.

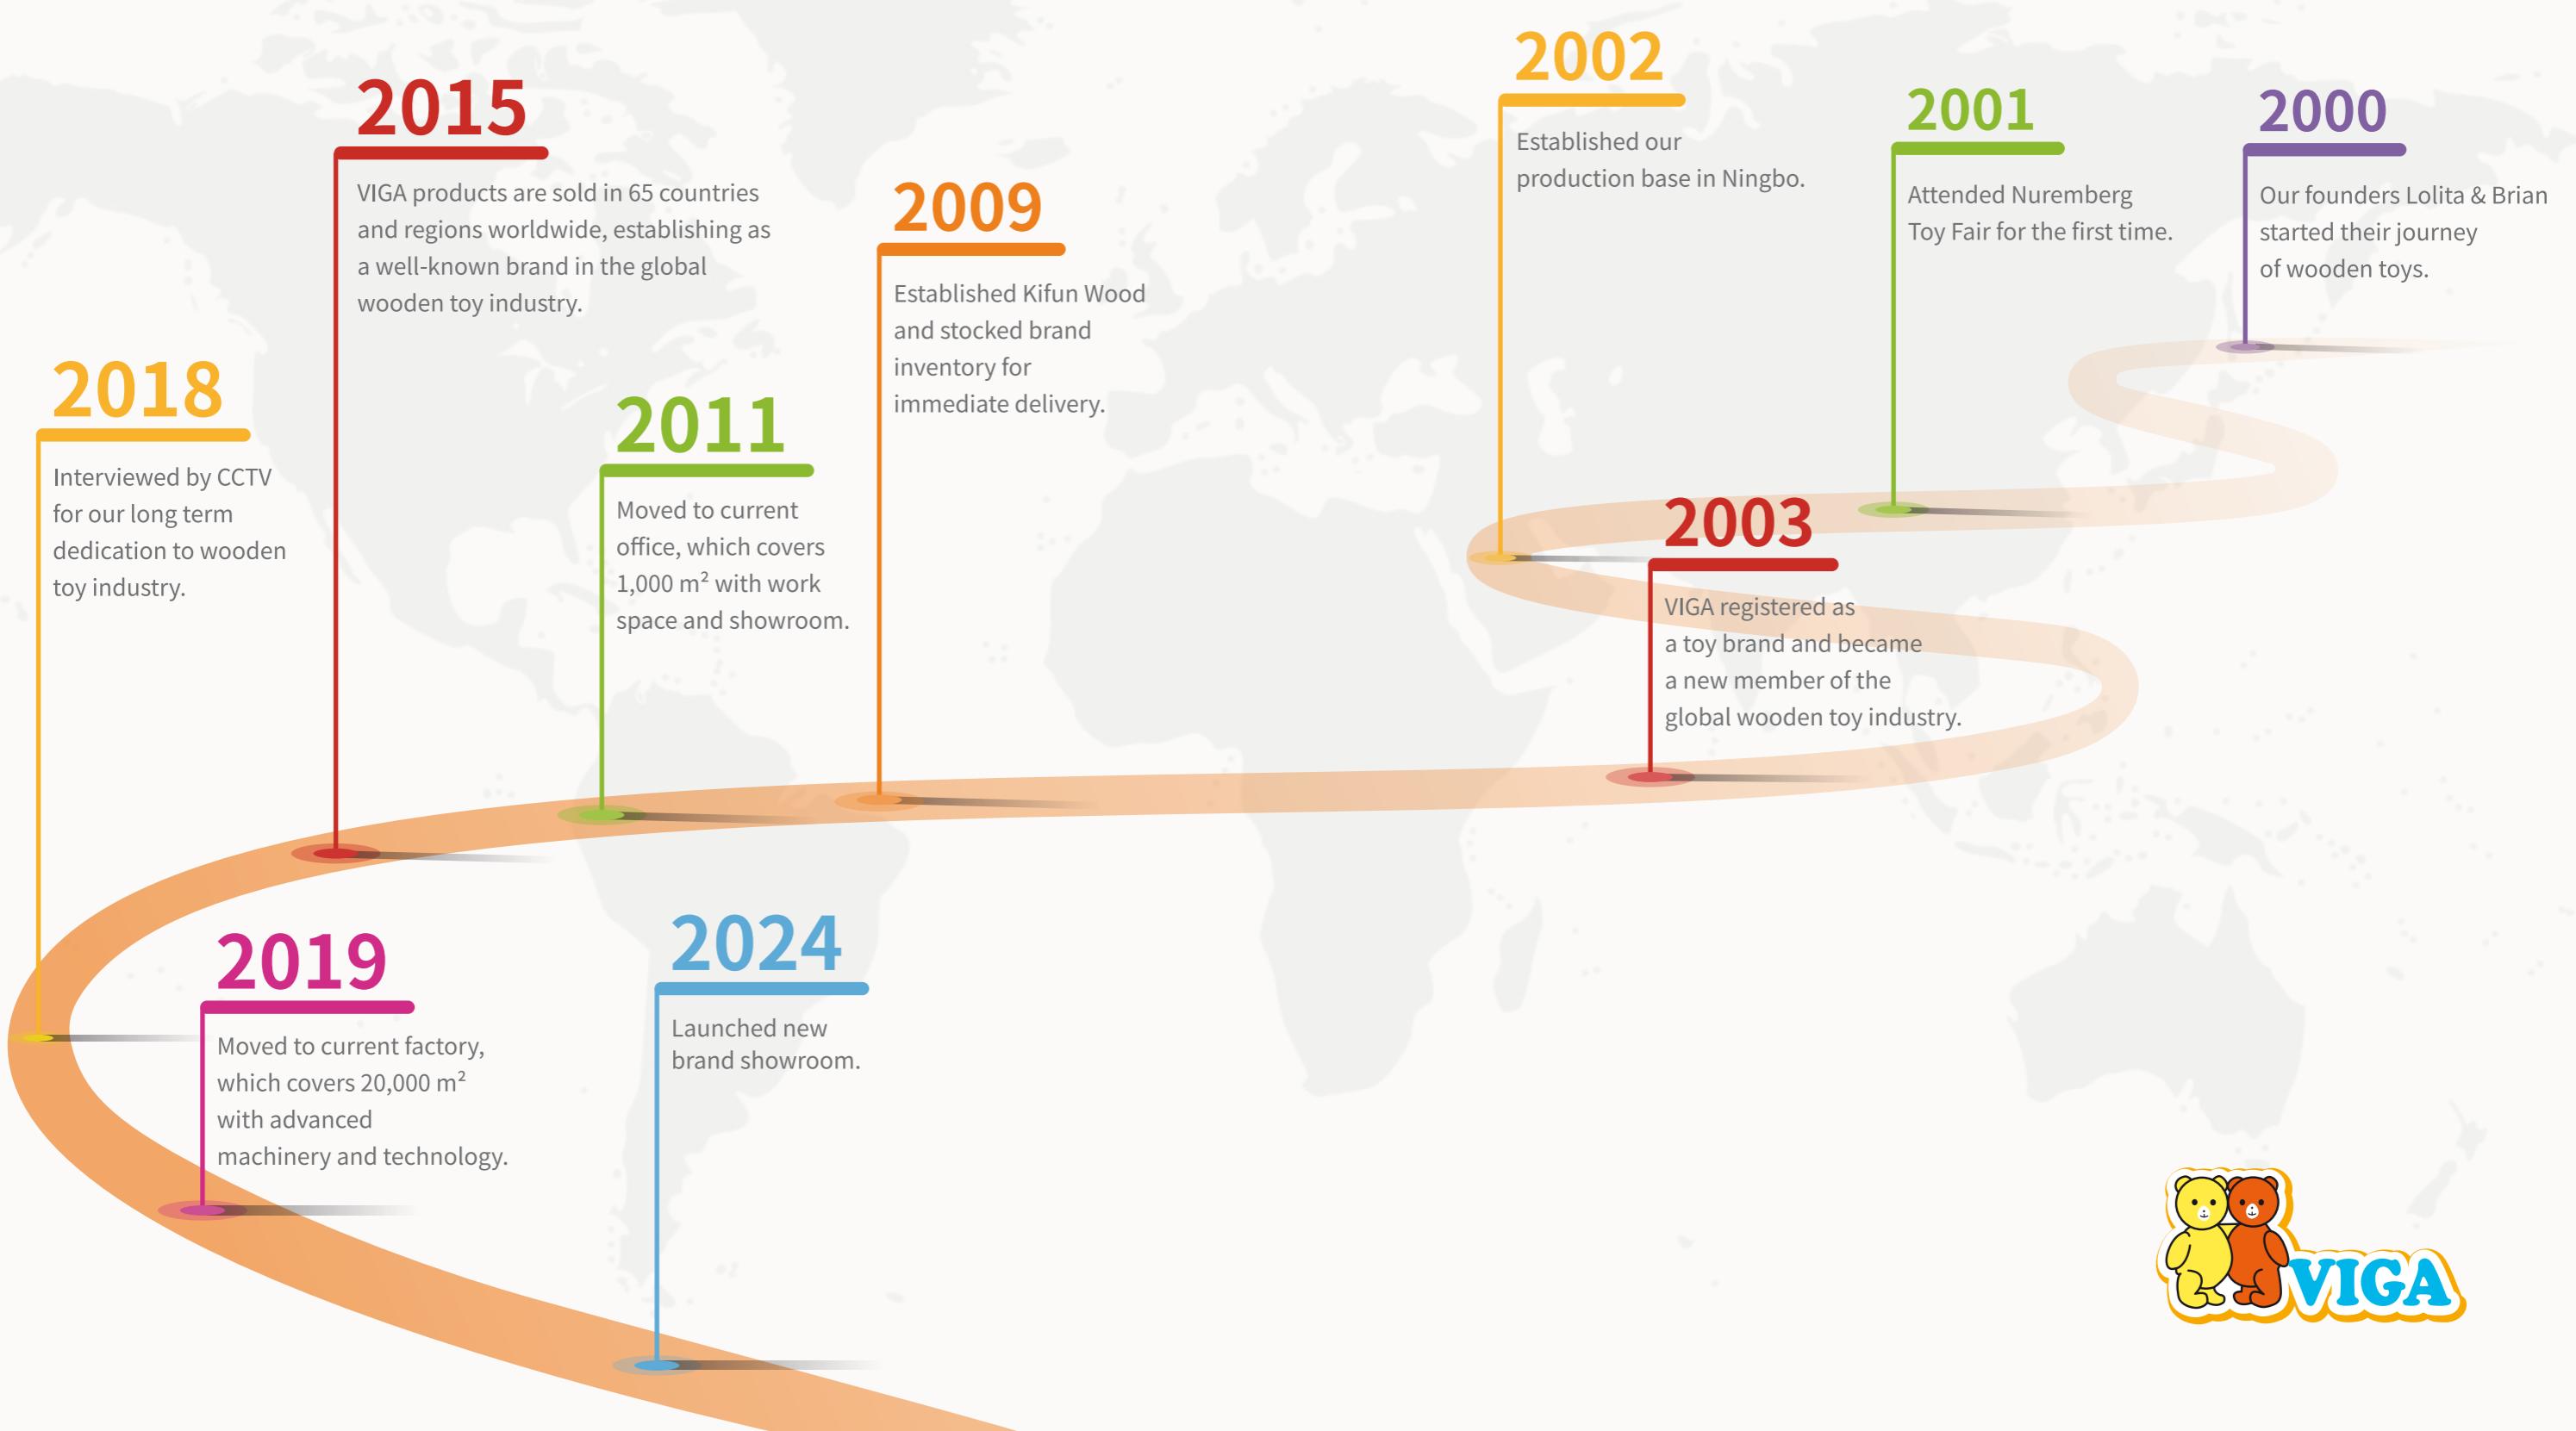

VIGA has deeply embedded a spirit of innovation within its brand DNA, consistently maintaining sensitivity to market trends and consumer demands. We continuously pursue technological advancements and propose solutions to most challenging problems. Over the years, VIGA's innovative atmosphere has gradually evolved into a brand culture that inspires everyone who works at VIGA. VIGA products have accumulated over **300** patents, and more than **20** international awards.

VIGA focuses on providing appropriate toys at the right time, fostering specific skills that enable children to continually acquire new knowledge, gain new experiences, and develop new abilities. Each VIGA toy contains multifunctional aspects of educational purpose, which are presented as **Toy Benefit Symbols**. The symbols are shown on the product packaging as guidance for teachers and parents as we believe these meaningful and useful symbols are the real value of VIGA toys for children.

# Chronicle of Events

# In-house Production

Our factory covers an area of 20,000 m<sup>2</sup> with workshops, warehouse and office. It is equipped with a complete production process for wooden toys, which includes operations for log cutting, sanding, UV printing, electrostatic spraying, roller coating, and assembly and packaging.

All toys are crafted from high-quality wood and manufactured with meticulous attention to detail, utilizing safe, environmentally friendly, and non-toxic water-based paint. The factory is also equipped with a physical laboratory that conducts internal safety tests on products, regularly monitoring the quality of the final products to ensure compliance with global toy safety standards.

# Sustainability

As a company dedicated to producing wooden toys for children, VIGA aims not only to bring joy to their lives but also to set an exemplary standard through our actions. We have made significant efforts to protect our green planet and preserve our natural environment.

**Product  
Design**

We prioritize the sustainability of product usage during our design process and employ the most eco-friendly manufacturing techniques.

VIGA factory is equipped with environmentally friendly and energy-efficient facilities, including solar panels, wastewater treatment systems, and centralized vacuum systems, aimed at minimizing environmental impact during the production process.

We gained the FSC Chain of Custody Certification from the Forest Stewardship Council (FSC) since 2020. This certification is granted to companies that source wood from well-managed forests. A certified company is also audited for its inventory, manufacturing practices, sales, invoicing and record-keeping procedures.

## Wall Activity Panel

VIGA Wall Activity Panels are specifically designed for public environments, including kindergarten playrooms, play areas in supermarkets and airports, and hospital waiting rooms. These panels offer children engaging opportunities to learn foundational concepts such as colors, shapes, sounds, the alphabet, numbers, and essential life skills. Furthermore, they foster social development by teaching children the importance of sharing and collaborating with peers.

## Games

Wooden games provide children with engaging ways to have fun and share experiences with others. VIGA's thoughtfully designed games enhance logical thinking, problem-solving skills, social interaction, and motor abilities. As children play, they learn to collaborate and communicate effectively, fostering important social skills. Parents are encouraged to join in, creating bonding moments while enjoying the challenges and excitement of these games together, making playtime a rewarding experience for the whole family.

### Touch and Find Game 44658N

Bucket size: 155 x 155 x 150 mm

Multiple ways to play:

#### Touch & Feel

Pick a card and find the matching block by touch.

#### Blind Guess

Pick a block without looking and guess what it is.

#### Match Game

Pair blocks with game cards.

#### Sorting Fun

Sort blocks by category.

#### Memory Challenge

Remember card patterns and find the right blocks.

## Wall-unpicking 44566

Size: 250 x 175 x 80mm

Build the wall, then take turns pushing out bricks with the squirrel stick—don't let the pinecone fall! A fun game that builds hands-on and logical thinking skills.

3+

## Stacking Game - Farm 44706

Box size: 160 x 150 x 42 mm

Packed in a cotton bag, this farm-themed stacking game includes 12 blocks for building a fun scene. Balancing the animals tests patience, dexterity, and fine motor skills.

18<sup>M</sup>+

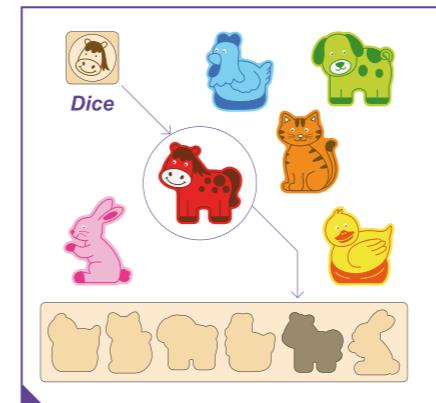

## Wooden Game - Animal Carnival 50450

Box size: 320 x 210 x 45 mm

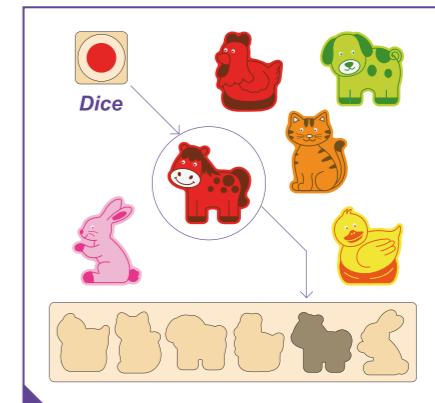

This game contains four wooden panels, 36pcs of animal blocks and two dices, made of high quality plywood and European beech wood. It helps to improve children's abilities to recognize different colors and animals, and to stimulate quick reaction as well as team-work abilities. Five or more different ways to play this game brings kids extra value and fun. Game guide is included.

3+

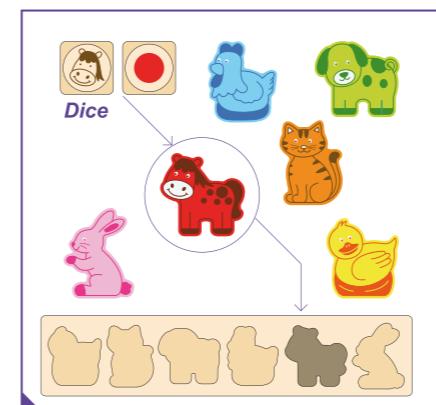

### 1st Way: Matching Animals

Play with only the animal dice. Take a corresponding animal block(any colour) to fit an animal shape hole on your plate.

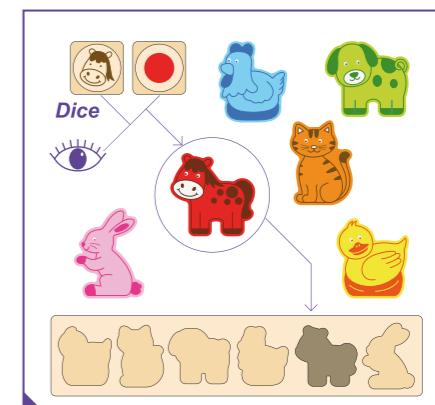

### 2nd Way: Matching Colors

Play with only the colour dice. Take the block by colour according to the dice shown to fill the plate.

### 3rd Way: Matching Both Animals and Colors

Play with both dices. Throw both dices at same time, and take the correct animal block in correct colour according to the both dices shown. The animal block must fit the hole on your plate.

### 4th Way: Smart Eyes & Good Luck

Play with both dices and all 36 blocks. Throw both dices at same time by turn, Among all players, who finds the correct block first that matches the animal and colour dices in the block pool, who can take the block to fill the plate.

## Peacock Colour Matching Game 44660N

Size: 175 x 150 x 7 mm

This color matching game includes 4 peacock boards, 2 dice, 36 chips, and 20 double-sided cards. Kids match chips to the boards by card or dice, racing to complete patterns first. It builds color recognition, hand-eye coordination, and quick thinking.

3+ 

## Wooden Ludo & Beads with Patterns 59990
