ABOUT US

“Creativity is intelligence having fun.” - Albert Einstein

With that in mind, **Tooky Toy** came to existence in 2004. **Tooky Toy** is a place to find creative alternatives to the wooden toys you love! I started **Tooky Toy** with a dream to make the best wooden toys possible. Everyday, we look for creative ways to take ordinary everyday objects and turn them into timeless and durable wooden toys. Our toys grow with your child, encourage imagination, incorporate real-life skills, and build fine motor skills. All of our toys are eco-friendlily manufactured. They meet, and in most cases, exceed the strictest international toy safety standards.

Thanks to our dedicated staff and our loyal and supportive partners, **Tooky Toy** has become one of the fastest growing wooden toy companies in China. With branch offices founded in Europe and distributors spreading all over the world, our toys can now be found on the shelves of many prestigious points of sales across five continents. And we will continue with our dream to bring the best wooden toys to a child’s world, a world of magic and imagination, a world that **Tooky Toy** can help unfold.

After two decades, **Tooky Toy** still believes in having a good time while doing what we love, and we do love what we do.

Join us. Let’s be creative. Let’s have fun.

Founder and CEO,
Jack Chen

more than a toy!

How We Come To This Planet As Toys

Tooky Toy is a place to find creative alternatives to the wooden toys you love! Our creative designers, are either young fathers or young mothers, integrating their daily working lives with the fun of playing with their beloved children. They take ordinary everyday objects and turn them into timeless and durable wooden toys.

Each toy from **Tooky** is made of wood from sustainable forests. They are brought to this world as ingenious arts, through skilled workers ever since their ancestors did the same nearly 80 years ago. Logs dry out in the sunshine in forest farm, with barks trimmed and buried into the soil and become natural source for plants. They are delivered to the toy plants, cut into pieces, sanded into various shapes of semi-products, while their sawdust is accumulated by machinery and transported to the next destination where it becomes material of compound wooden floor.

Workers paint wooden toys by hand with water-based dyes. Parts may be assembled, some in magical mechanical structure you could never image, some with a little non-formaldehyde glue. These are colorful masterpieces. All our toys are eco-friendly manufactured. They are transported to all corners of our planet, they grow with your children, encourage imagination, incorporate real-life skills, and build fine neuromotor skills.

We will continue with our dream to bring the best wooden toys to our children’s world, a world of magic and imagination.

My Forest Friends is a collection of natural wooden toys. We believe that it's ever more important to bring our children back to a natural playing environment. Featured with jungle animal characters and muted colors, this series is inspired by classic games and puzzles. Bring more happiness to children's growth.
